VK SKATE 800.427.1278 WWW.VKSKATE.COM

V K Skate Distribution has been distributing Skateboards and Skateboarding equipment since 1974. Our objective is to provide our customers with the highest quality customer service, supply their retail stores with the finest products available, maintain competitive prices, and provide practical and profitable business solutions.

V K Skate Distribution has survived 3 economic recessions including the current economic downward spiral. Despite the current recession our financial perspective is showing growth and prosperity. It is our intention to provide all of our customers with every possible solution and offer assistance on every level of development and individual growth.

We have seen Skateboarding virtually disappear, evolve, re-invent it's self, then re-appear stronger, and with more aggression and direction than anyone would have ever imagined. Skateboarding is an artistic expression that has been the main influence in our livelihood, lifestyle, self-expression, and and will remain the greatest thing in American society.

We will continue to prosper, evolve, and grow; despite what the rest of the world does. We are Skateboarding, it's in our blood, it's in our hearts, it is what we are, it is our life. We will remain strong and survive through the good times and the bad ones. Believe in Skateboarding and you will accomplish all of the things in your life you aspire to.

Live to Skate...Skate or Die
